### Athlete Profile

- Christian highlights to date are: 2011 Red Bull Canadian Wake Awards, Wakeboard Rookie of the Year, Biggest Tricks which was a switch toe 900 and a S-bend, and King of Cable Sarnia's Boarderpass 2010/2011.
- Christian's future sport related goal is to be in the Jr.Pro Tour, and attend the Olympics.
- Christian has not thought about his future non-sports related goals, all he thinks about is boarding right now!
- If Christian was stranded on a desert island he would bring a girlfriend (word of advice from his dad, always bring a girl that way you will always have water, sunscreen, and towels), and a straight line cable, and the third thing Christian would bring is screws and glue.
- If he could have dinner with one person it would be anyone who would buy his meal.
- "I consider myself lucky when I think how my sponsors help me out. When Christian thinks of all his buds he has met through the sport of wakeboarding, and of course when Christian is shredding through still calm waters hearing his favorite song playing over the speakers."
- Christian has a few role models, but he believes he can learn a little from everyone.
