Athlete Profile:

- One of the highlights of Justin's career has been being named to the Wakeboard Development Team.
- Justin wants to be a member of the wakeboard development team because he got to see what it was like to be a member of the team at last year's camp and he became hungry for more team experiences.
- In being on the national development team, Justin expects to be exposed to Canada's top boarders and he wants to follow in their footsteps.
- He wants to bring dedication, willingness to learn and a strong desire to grow to the development team.
- Justin's two role models are his dad and Brad Buskas.
- If he could bring three things to a deserted island they would be a fully equipped wakeboard boat, unlimited gas, and a friend to drive the boat for him.
- Justin considers himself lucky when it's snowing at home and he's riding in Florida, when he's learning a new trick and when he's teaching others as an assistant coach.
- In the future Justin's goal is to one day be a fixture in wakeboarding not only as a professional athlete but as a coach and advocate to others. He also plans on attending college.
